"In 21 years of teaching, that was indeed my favorite workshop - of all time. I appreciate the inclusive way the children were taught and the engaging ways of all the members."

Spanaway School music teacher

"I've been playing taiko for 10 years but no-one's ever taught me how to really play shime... finally!"

Stockton Taiko member

"I loved the workshop! Especially the way the whole group participated to compose and we shared ideas through 'literal composition'. The really simplified music notation for taiko will be very useful. Thank you!"

Denver Taiko member

"The 30 Days to Better Shime lessons were well thought out and very helpful. They were not overly difficult but challenging. I absolutely love the exercises! Thanks again!"
